National Pharmaceutical Pricing Authority vide notices dated 16.11.2015, directed all pharmaceutical manufacturing/marketing companies to register themselves in IPDMS and file all mandatory forms as required under the Drugs (Prices Control) Order, 2013 on or before 15th December 2015 and vide notice dated 21.12.2015 directed pharma companies to file details before 15th January, 2016 respectively.

Several meetings were also held with pharmaceuticals companies on this subject, followed by one-to-one interaction with the representatives of the companies.

Large number of companies have still not registered their products nor filed all mandatory returns online. General notice was again issued to all the companies on 10.06.2016, followed by specific Show Cause notice to 88 top companies in June-July, 2016 directing them to file mandatory forms online in IPDMS.

As on date, 660 pharmaceutical companies have registered in IPDMS, and 58027 products details have been entered.
